

## Joint Learning Program

## Programme d'apprentissage mixte

### The JLP Reaches a Milestone!

On June 28th, the Joint Learning Program (JLP) will have delivered one hundred workshops! Celebrations will take place at workshops to be given in Ottawa, Saskatoon and Vancouver where participants, facilitators and organizers will get together to mark this important event.

The JLP would like to thank everyone involved in making this program a success. We would not be able to deliver JLP workshops without the commitment and dedication of the JLP facilitators. We would also like to thank the organizers, who give their time and effort to make sure that the workshops go forward in their departments and agencies.

The JLP is very pleased with the response to the program by departments and agencies. We would like to take this opportunity to express our gratitude for their continuing support and hope that we will continue to work successfully together to improve labour relations in the workplace.
